Competition Entry Guidelines

- All meet entries will be via Swim Central [HERE](#)
- Club targeted meets will be attended by a coach provided there is a minimum of 5 swimmers participating each session. However in the case of a Championship Meet, a coach will be in attendance regardless.
- The Swimming Victoria Event Calendar can be found [HERE](#)
- Meets can close before the deadline, so please **REGISTER EARLY**. When you register for a meet, you are committing to volunteer for timekeeping duties etc. if necessary.
- Please discuss competitions and events with your coach prior to registering. Your coach will hand out a competition sheet with highlighted events for all targeted meets.
- National Development, State Performance and State Squad swimmers are expected to enter a minimum of 4 targeted meets each term.
- State Target swimmers are expected to attend a minimum of 3 targeted meets each term.
- Emerging and Development Squad members are encouraged to enter designated targeted meets as determined by your coach.
- Squad members who qualify to compete a State Championship Meet are expected, not only to enter the meet, but enter all of the events that they qualify in.
- Your coach will liaise directly with each swimmer to determine the events to be entered at all State Championship Competitions; however for competitions outside of the schedule, this is not necessary.
- If a swimmer has a clash of targeted events at a Meet, you should consult with your coach before entering the competition
